

2022 Summer Youth Mini-Grant Application – Humboldt, Del Norte, & Curry counties

Program Information & Eligibility

The Summer Youth Partnership offers small grants, averaging \$500, to nonprofits serving **Humboldt, Del Norte, and Curry County** youth for programs offered between June 1 and September 1. Grant resources are limited. Funding is stretched to meet the needs of as many valuable summer programs as possible. Requests over \$500 will be considered for programs with special needs.

The spirit of this grant is to inspire and support all the activities that make summer programs in our communities a success. We seek to enhance what has already been accomplished prior to this grant. Programs must meet the guidelines and restrictions provided by the California or Oregon Department of Health to prevent the spread of COVID-19. Travel outside of the region for summer activities and summer camps will not be funded. Our committee will consider each application and prioritize funding based on the following criteria:

- Program serves a high number of low-income, disabled or otherwise disadvantaged youth
- Program serves youth in an outlying area with few summer alternatives for productive activities
- Program operating hours are extensive throughout the summer (i.e., every weekday all summer)
- Program serves extremely high numbers of youth
- Program serves an at-risk youth population
- Programs that provide camperships/scholarships
- Programs that have multiple funding sources

The committee may also award additional funding to:

- Organizations that provide a large number of scholarships to their Summer Program
- Organizations that have a Summer Program that requires no fee
- Organizations that make good use of available resources and/or collaborations
- Organizations with programs that provide developmental opportunities in addition to recreational ones
- Organizations that request items that help ensure the safety of their program's participants

Grants to organizations that will be using funds to provide assistance for low-income children will be weighted based on the criteria that is used to award scholarships. The committee encourages such programs to follow the [State Income Guidelines for 2021](#) as published by the Department of Housing and Community Development. Ex:

Income Category	Number of Persons in Household					
	2	3	4	5	6	7
Extremely Low	17,420	21,960	26,500	31,040	35,580	40,120
Very Low	28,000	31,500	34,950	37,750	40,550	43,350
Low	44,750	50,350	55,900	60,400	64,850	69,350
