About us:

Humboldt Area Foundation believes in communities where everyone has access and opportunity, where everyone feels that they belong, and where residents work together to craft and implement solutions to local challenges.

Grant Program Details:

The Grassroots Grant Program exists to strengthen the social fabric of communities and improve the lives of people in Humboldt, Del Norte, Trinity and Curry Counties.

For the purpose of this grant program, grassroots groups are considered to be community and neighborhood efforts for change that bring people together to organize around something important to them. The process of people coming together is just as important as the project itself.

These grants are typically \$200-\$2,000 each and are to support efforts of community group over the period of a year. Each year, HAF awards up to 10 Grassroots Grants.

Proposals are accepted four times per year: June 1, September 1, December 1, and March 1. Notification of awards typically occurs 10 weeks after the application deadline.

Funding priority will be given to efforts that meet one or more of the following criteria:

1. Community members working together to address a community issue, need or common goal.
2. Are designed by and for the community in which the project takes place, with community members taking part in decision-making.
3. Make use of existing community resources, skills and strengths.
4. Value, encourage participation from, and include diverse community members (age, race, culture, socioeconomic status, sexual orientation, faith).
5. Develop leadership skills within the group.
6. Partner with other community groups, programs, businesses, agencies and/or institutions.

The Grassroots Grant program is not a source of ongoing annual funding. HAF usually does not support the same request twice. Grassroots grants do not fund civil disobedience, protest, non-violent resistance or litigation, and are not intended to support community service projects.

HAF recommends contacting a Program Director, Amy Jester, before submitting a proposal in order to discuss how it aligns with the goals of this program and how to craft your proposal so that it is more competitive. Amy can be reached at AmyJ@hafoundation.org, or call 707.267.9909
